Purple Radio FAQs

I've clicked the "listen live" button and can't hear anything?

Try one of the following links instead for your preferred media player:

How do I listen to shows again?

Most Purple Radio DJs record their shows and post to Mixcloud - check the show details from the schedule. Purple Radio also has it's own Mixcloud page, all shows are reposted on there. Alternatively shows are re-broadcast from our servers when no one is DJing live.

How do I get involved?

There is a link on our homepage, but in case you missed it just drop a line to ijblack@hotmail.com
